Daiichi Sankyo's Benefits Highlights

Benefits Highlights

Our benefits are part of what makes Daiichi Sankyo, Inc. (Daiichi Sankyo) a great place to work. We are proud of our long-standing commitment to the health and well-being of our employees and their families. We provide comprehensive health care benefits at a reasonable cost that we believe are highly competitive in the pharmaceutical industry. Please review the information in this guide to understand the benefits available to Daiichi Sankyo employees.

Eligibility

You are eligible to participate in Daiichi Sankyo benefits upon your first day of employment. All full-time regular employees are eligible to participate in the Daiichi Sankyo Benefits Program. Part-time employees with a work schedule of 20 or more hours per week are also eligible to participate.

You can also elect to cover your eligible dependents. These include:

- Your spouse
- Your domestic/civil union partner
- Eligible child(ren) up to age 26, or over age 26 if certified as disabled prior to age 26

Medical Programs

Daiichi Sankyo provides two Cigna medical program options for you and your eligible dependents:

- **Choice HSA**
- **PPO**

Both medical program options use Cigna's Open Access Plus network of preferred providers while giving you the freedom to visit any provider you choose. You are not required to select a primary care physician in order to receive coverage, nor are referrals required, which gives you greater control and flexibility over when and where you receive care.

The Choice HSA

This medical program option includes an added feature: a **Health Savings Account (HSA)**, which can be used to pay for qualified health expenses now or in the future.

Daiichi Sankyo will contribute to your HSA to help offset medical expenses – \$600* if you enroll for Employee-only coverage and \$1,200* if you enroll for yourself and one or more dependent(s). There is also the opportunity for you to make pre-tax contributions to the HSA to help your savings grow even more.

* The employer contribution is pro-rated based on your date of hire

Medical Programs *(Continued)*

- **Prescription Drug Coverage**

If you enroll in a Daiichi Sankyo medical program, you and your enrolled dependents automatically receive prescription drug coverage. Prescription Drug benefits include coverage for prescriptions purchased at retail pharmacies and through Cigna's Home Delivery Pharmacy.

- **Vision Coverage**

If you enroll in a Daiichi Sankyo medical program, you and your enrolled dependents automatically receive vision coverage. Vision is bundled with your medical program and is not available without enrolling for medical coverage.

Other Programs

- **Dental Coverage**

Daiichi Sankyo offers one dental program for you and your eligible dependents. The Dental Program uses Cigna's Total Dental PPO Network of preferred dental providers who have contracted with Cigna to provide dental care at a lower cost to you. While you will save money if you use a Cigna dental provider, you have the freedom to use a provider who does not participate in the Cigna network.

- **Flexible Spending Accounts**

You may enroll in a Health Care and/or Dependent Care FSA that allows you to set aside pre-tax money that you can use to pay for eligible out-of-pocket health care or dependent care expenses throughout the year.
